About Us

The Jefferson County Growth & Development Association was formed in 1988 to promote Jefferson County to Home Buyers, Builders and Developers. The organization evolved and grew to include the promotion of all businesses in Jefferson County. In January 2012 the organization was reorganized as the **Jefferson County Growth Association (JCGA)**.

The JCGA provides opportunities for interacting with and hearing from Jefferson County legislators during our Legislative Forum, Meet the Candidates, and Legislative Reception. We created the Shop Jefferson County campaign to promote shopping local businesses and the benefits it brings to our county. Our "One Voice One Plan" initiative is a collective effort to provide legislators with information regarding what our business community needs in order to keep moving forward. Our Membership Meetings provide speakers which address topics that will educate and inform you to help grow and improve your business. We also promote the quality of life available in Jefferson County through our tourism efforts on events, activities and places to see. All these events provide opportunities for you to network with other business owners and the community.

The JCGA will continue to expand its efforts in promoting this county and its businesses community. We hope you will join us.

JCGA is a registered 501-c6 Non-Profit Organization.

*Serving Businesses, and
Encouraging Growth in Jefferson
County*
